

Missouri River Relief Equipment Wish List March 25, 2019

Fleet Equipment: *We depend on our fleet to be able to connect people to the Missouri River through our clean-up and education programs throughout the year. Thanks to our success over the last 18 years, we have to become more innovative and aggressive to reach the spots no one else has ever cleaned.*

- **Fuel-efficient vehicle** – as staff increasingly travel in and out of state for conferences, meetings and fundraising events, an increasing need for a safe fuel efficient vehicle is becoming increasingly necessary
- **Utility Task Vehicle** – as the organization identifies and tackles harder to reach places along the Missouri River, a UTV will help increase efficiency and effectiveness in those tough to reach places along the banks
- **Vehicle Wrap** – Help us make a statement on the highway with a new vehicle wrap, showcasing the Missouri River and our mission on our box truck

River Clean-up Supplies & Equipment: *It takes a lot of supplies to pull off our large-scale community-based clean-ups. We are in constant need of these supplies that keep us prepared and ready for any reach of river.*
